SAVE EARTH ONE BOTTLE AT A TIME

PRODUCT CATALOGUE

The Green Choice

In 2018, we started from modest beginnings, to offer eco shoppers from around the world to be exposed to a new nature friendly product range. Our Eco Product Store was born from the desire to live sustainably and positively impact the Earth by recycling plastic bottles and reducing waste in people's daily lives to inspire the global community to embrace a sustainable lifestyle.

What is eco-felt?

When PET flakes are used as the raw material for the production of felt that would otherwise be made of polyester the produced fabric is termed as eco-felt. This helps reduce the plastic waste that is left to decompose.

We try to up cycle this waste and recreate them into fashion and lifestyle products which can be used for a longer duration.

RECYCLED FABRIC

We are committed to selling high quality, up-cycled products which are kind to the environment and minimize the negative impact to the planet. Plastic Bottle (PET) Recycled Material is a key factor in our sustainable solution.

NO TOXIC CHEMICAL

We want to live in a way that betters our planet and believe in maintaining the balance between human activity and natural processes. That is why our products are focused on improving the health of the global ecosystem.

WHY US ?

SUSTAINABLE PRODUCTS

By prioritizing sustainable Products, we believe that we can help shift the market and enhance consumer awareness regarding the impact of their purchasing decisions. Put your money towards a solution for environmental issues.
