

# PRODUCT CATALOGUE

## **About Us**

Our Brand is known for its creative gift solutions. We believe in a strong ideology of designing products according to the theme of your decor and occasions. We have redefined the routine products in the most amazing way. It is because all our products are beautiful outputs of the continuous research and development. We make sure that beauty meets utility in all aspects and our products clearly depict how they are reconceptualised dumping out the conventional gifts. We never fail to shape a new idea into a product enhancing it in a way beyond expectations.

Keeping in mind that every person in the corporate family is special, we have made a unique range of innovative products which can be customized with the selected designs. Use them for your business promotion which ultimately helps in increasing the mileage of your business.

## **Our Vision**

We work with an objective of making gifting simpler, easier and quicker. We practise the working concept of DDP which stands for Design, Develop and Produce. Gifting is very deeply rooted in all the walks of our life, so we have decided to work with the motto of "Gifting made easy". We strive to bring innovation closer to everybody making them feel it is just a click away.

## **Our Strength**

We have a great infrastructure with skilled in-house graphic designers who yield the best of the designs for the products. Our team has a huge production capability for manufacturing and developing all these products. We developed cost effective working systems and have been excellent at taking up day to day challenges very effectively and efficiently, thus accomplishing them successfully on time.

## **Why Choose us?**

All products here are a blend of innovation and emotion as a result every gift box we deliver is unique. We always strive to enhance the customer's experience of buying a product giving customer's delight as first priority.

We update products according to the market trends and taste of the customers. We strive in developing and delivering new products every now and then. There by practising a relentless process of adding innovative products to our huge range of products. This drives our customers to a never ending world of choice.

Don't just carry a note book,  
carry your **STYLE !**

## Premium Note Books

Now grab your style  
from the brand new collection of  
Premium note books

# Premium Note Books

Why carry the same old note book when the brand new quirky premium note book is here?

This is the first book with cover made of ABS plastic having round edges. Its Wiros bonded structure adds more to its look.

Try wrapping your write ups within the most trendiest cover designs that are available in our brand new collection.

The cover can also be something that you always wanted or anything that describes your work.. So yes it is customizable.

Premium note allows you to select your preferred page color, as it has a range of subtle coloured pages which adds beauty to your work and pleases the reader.

By opting premium note, you are driving yourself towards the world of choice.

Let your book reflect all your style..#CarryYourStyle

# Multipurpose Name Card Displayer

Multi-purpose name card displayer facilitates you with a flexible display of the information or any signages. It basically enables you to change the display as per requirements in a most feasible way, you just have to insert the name card into it.

It is typically made with aluminium and has a black powder coating finish. It is provided with an attachable back support to be used as a Desk-top displayer and also with screws to be used as a Fixed displayer.

It can be used at corporate offices, hospitals, showrooms, factories or any business premises.

It's major applications are: 1. As name card displayer 2. Product information displayer. 3. Other signage purposes.

**Using Instructions:**

  
Back Support

  
Screws

  
Transparent Supporting Film

To use as Desktop Displayer :

1. Remove the release paper on back support.
2. Place the back support on the groove provided in centre on rear side of displayer and press it.
3. Insert the Name card or any other signage card in between the displayer and Transparent Supporting Film.

To use as fixed Displayer:

1. Remove the transparent Supporting Film from the displayer.
2. Mark the two screws and fix it or can be stuck on to the surface.
3. Insert the Name card or any other signage card along with Transparent Supporter.
